Your word is a lamp for my feet, a light on my path.

GROWING IN THE WALK WITH GOD

Hello

I am sorry for taking so long to write to you. It has been a busy time between my trip to California , ministry, and Sofia's graduation. There are so many things to

praise God for! He is good all the time. All glory to Him .
We rejoice with you for what God is and has done in our lives and in the ministry.

We are grateful to the Lord for what he has done in the lives of the kids; it is joyful to see how many kids are coming to the after school program, English class and small groups bible studies (we call clubinhos).
We have seen them get interested in the word of God, learning, and growing in their faith. Praise the Lord. This year we are teaching and studying with the kids "How to be a true Christian".
Unfortunately, some of the children that are participating in the programs don't have breakfast at their home thus they arrive at the ministry hungry.

As in many countries, we are facing great challenges in our economy, especially with a large increase in food , fuel, electricity which makes it difficult to provide snacks for our children in some of programs.

We would like to encourage you to pray about and consider helping us sponsor some of our kid's ministry programs by helping provide snacks for the kids ministry .

Our goal is to reach out and feed 450 kids in these specific projects.

We would really appreciate it if you can help us feed all these kids.

One year's cost is $7,150 or monthly $650.

Our Time in California

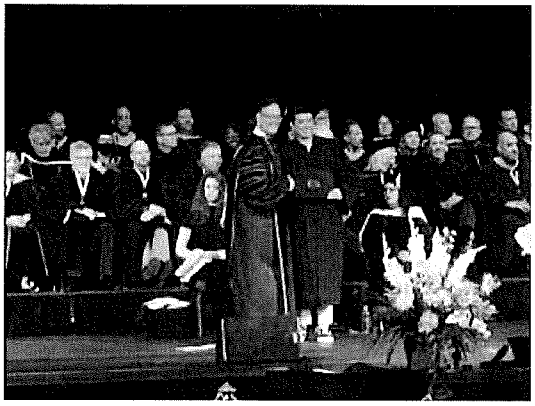
We had a very blessed and happy time in California , attending Daniel's graduation as well as seeing friends and visiting some churches in

California.

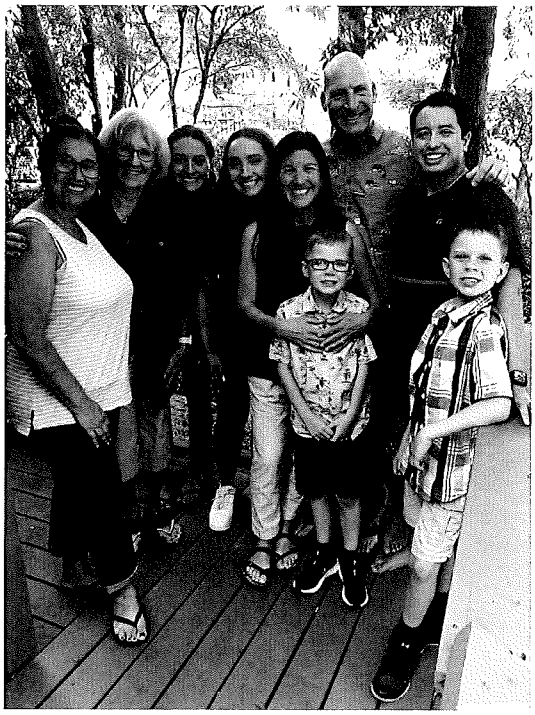
Unfortunately, it was not possible to visit everyone and we are sorry for that.

Also we had the opportunity to meet Kaylin, Daniel's girlfriend and her parents. It was great. They are very nice and love the Lord with a passionate heart for ministry .

Paulo and I had a blessed and a fun time at Daniel's Graduation at William Jessup University. We praise God for the opportunity that he gave Daniel.



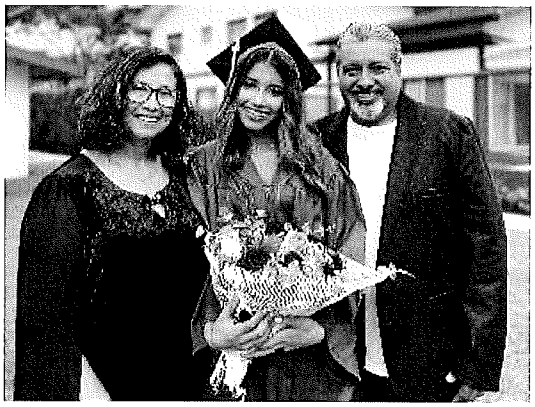
Below we have Daniel and Kaylin and her familly .

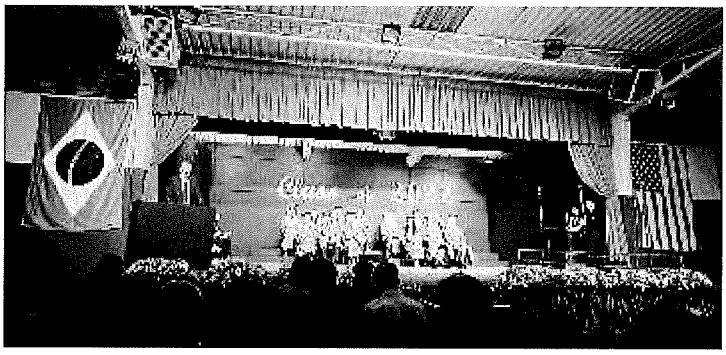


Sofia's graduation

This month has been a month of great emotions. On June 4 th , Sofia finished high school. She is going to Biola University. I am taking her in August and helping her to set up.

It is with mix feelings! We are very happy for Sofia in this new cycle in her life, but also we are with a tight hearts just thinking about having an empty nest. Paulo and I will learn how to live by ourselves.





We celebrate with you the joy we feel today. We thank you for your prayers and love for Daniel and Sofia. Keep praying for Daniel and his relationship.They are praying and considering getting married next year . Pray for Sofia, her adjustment in college, for God's protection, may she continue to rely on God and keep strong in her relationship with God.

From our heart thanks so much for your friendship and support to us .

In Christ,

God bless you .
