

Synergy Telecom Partners with Telecom Consulting Group

- Leverages Industry Leading Agent Program -
- Nationwide Market Reach -

San Antonio, TX – April 10, 2018 - Digerati Technologies, Inc. (**OTCQB: DTGI**) ("Digerati" or the "Company") announced today that its wholly-owned subsidiary, Synergy Telecom ("Synergy"), has partnered with Telecom Consulting Group ("TCG"), a Master Agency located in Fort Lauderdale, Florida, for launching Synergy's 'Channel Program' across TCG's widespread Agent network. As a Master Agent for over twenty-five years, TCG has grown to become one of the premier Master Agencies throughout the U.S. by providing hands on support and excellent service to its partners.

This relationship will offer TCG's agents the ability to access Synergy Telecom's VoIP platform by providing highly-reliable Unified Communications and SIP solutions to their customers. In addition to Synergy's award-winning Cloud PBX platform, agents can utilize Synergy's robust partner quoting and customer management tools to help them better sell and service clients. This efficiency, along with an 'always on-site installation team,' gives agents the ability to focus on selling and growing their customer base, rather than dealing with operational issues.

"TCG is an incredible partner for us to collaborate with, and when working with their staff, you can clearly capture why they have grown to become one of the country's leading Master Agencies," stated, Ryan McDowell, Synergy's VP of New Business Development.

Charlie Slaughter, President and Chief Revenue Officer of Synergy, further commented, "The opportunity to work with a well-respected industry leader like TCG really excites us. We look forward to delivering our award-winning sales tools and passion for customer service to TCG's 3,000 plus agents nationwide."

As previously announced, the Company retained the "Synergy Telecom" name and continued building on Synergy's established name and brand affinity within its high-growth cloud-telephony (UCaaS) market. Digerati announced the acquisition of Synergy in December of 2017 and reported its plan to combine Synergy's business with that of its wholly-owned subsidiary, Shift8 Networks, Inc. ("Shift8").

Fort Lauderdale-based Telecom Consulting Group is a National Master Agency serving agents for over twenty-five years. TCG provides hands-on support and excellent residual commissions paid for as long as the customer stays on service. TCG passes through 100% of the carrier bonuses to their agents, and TCG does not require quotas. TCG has over 3,000 agents and thirteen channel managers across the U.S. TCG offers over 110 alternate carrier options for their agents to market and sell. TCG has an outstanding back office to serve their agents, and they specialize in COAX Cable, Metro Ethernet, Hosted VoIP, PRI, Analog Lines, Dynamic T1's, SIP, 3G/4G Wireless Internet, and numerous Cloud-based Services. TCG provides their agents access to the best-in-breed Cable Companies, CLEC's, LECs, and Hosted VoIP Carriers. For more information on TCG please visit: www.tcg-partners.com.

Digerati is a publicly-traded holding company, with a track record of launching and managing successful subsidiary operations and is a multi-year recipient of Deloitte's Fast500 and Fast50 Awards, for recognition as one of the fastest growing technology companies in North America. Through its subsidiary, Synergy Telecom, the Company is meeting the global needs of businesses seeking simple, flexible, efficient, and cost-effective communication solutions, including fully-hosted IP/PBX, VoIP transport, SIP trunking, and customized VoIP services, all delivered **Only in the Cloud™** on its carrier-grade network. Former subsidiaries include ATSI Communications, Inc., an international telecommunications operator serving emerging markets throughout Mexico and Latin America, as well as GlobalSCAPE, Inc., an Internet software company trading on the NYSE that specializes in secure file transfer through its popular utility, CuteFTP. Other subsidiaries have included a global VoIP carrier and oilfield service businesses operating in the Bakken Shale. For more information, please visit www.digerati-inc.com.

FORWARD-LOOKING STATEMENTS

The information in this news release includes certain forward-looking statements that are based upon assumptions that in the future may prove not to have been accurate and are subject to significant risks and uncertainties, including statements related to the future financial performance of the Company. Although the Company believes that the expectations reflected in the forward-looking statements are reasonable, it can give no assurance that such expectations or any of its forward-looking statements will prove to be correct. Factors that could cause results to differ include, but are not limited to, successful execution of growth strategies, product development and acceptance, the impact of competitive services and pricing, general economic conditions, and other risks and uncertainties described in the Company's periodic filings with the Securities and Exchange Commission.
