Forgive: to send from oneself, to put off, to let go of an obligation or something "owed" to you, voluntary release of a person or thing, to release from legal bond, releasing of a prisoner

"It refers to the act of putting something away. God did that at the Cross when He put sin away by incarnating Himself in humanity in the Person of His Son, stepping down from His judgment throne, assuming the guilt of man's sin, and paying the penalty, thus, satisfying His justice, and making possible an offer of mercy on the basis of justice satisfied." -Wuest

"How we respond when we have sinned reveals a great deal about the reality or unreality of our profession of faith...It is perfectly possible to be saved and miserable because we do not deal rightly with our sin." -Ray Pritchard

Application: What do you need to do in response to what you have heard from God's Word this morning?
James 1:22
