“They won’t tolerate strong biblical teaching because it confronts and refutes their errors and calls for their obedience. By adopting the ways of the world, much of the professing church has become corrupt and perverse. Apart from a dramatic change, the pressure will continue to intensify against those who speak the truth.”

– John MacArthur

“Many churches today are filled to overflowing with those who want their ears tickled with the myths of easy believism and the many variations of selfism and so called positive thinking. They come to have their egos fed and their sins approved, not to have their hearts cleansed and their souls saved. They want only to feel good, not to be made good. Tragically, such myths serve to religiously insulate people from the true gospel and drive them still further from the Lord.”

– John MacArthur
