

Misconduct Fines Policy

Any player receiving a yellow or red card during a game will subsequently receive a fine/administration fee (yellow cards) or a fine/administration fee and a suspension (red cards) from Hampshire FA.

All misconduct is now reported using the FA Whole Game System although all payment of fines still go to Hampshire FA. The process will work as follows:

The club receives a notification from Hampshire FA that a player has received either a yellow card or a red card or been subject to a misconduct report for another incident and a fine is due to be paid.

The club must pay the fine by online payment.

The club will then contact the player's respective manager and inform them that the player's fine has been paid and how much the player is to reimburse the club.

The player will then pay their fine to their manager and the manager will subsequently include this fine payment on the next Income/Expense Form they submit to the club.

If the player has received a red card, then the manager is informed of the player's options i.e. agree to the charge / deny the charge / any mitigation / request a hearing. He will also be informed on any matchday suspensions that have been imposed on the player.

Failure to reimburse the club in good time will result in the player being suspended by the club until such time that his debt to the club is cleared in full.

Replies to misconduct charges must be made to Hampshire FA within the stipulated time scale indicated on it. Failure to do so will incur further financial penalties and possible extensions to suspension periods.
