

I'M SAVED – WHAT'S NEXT?

WHAT'S NEXT?

Thank God that you have surrendered your life to the will and plan of God. The first step was to acknowledge Yeshua as your personal savior. Now what?

- Confessing Yeshua as your Lord means that you are willing to follow him. Following Yeshua means two things:
 1. You will follow His teachings. This will require learning what He taught and then striving to implement these teachings in your daily lifestyle.
 2. You will follow His example. You will allow Yeshua's lifestyle to be your standard and example.

BEING A FOLLOWER MEANS FOLLOWING

- Following Yeshua is not about being perfect. It is about trust and honesty.
- You are human therefore you are going to make mistakes. You must learn to trust God and other Disciples.
- When you make a mistake or violate a teaching of Yeshua be honest to God and the community of Disciples. This process will help you to grow.
- The community of Disciples must love you and help you to learn and grow daily. At times this will be challenging but remember God has an assignment (plan) for you.
- Now that you are saved it is time to prepare for and pursue God's plan for you.

WHAT IS MY OBJECTIVE?

- Remember these three simple things: Learn – Live - Share
 - **LEARN** – as a committed believer in God through Yeshua you are commissioned to learn the teachings of Yeshua. The Disciples who followed Yeshua during His ministry years received regular teachings that were preparing them for their ministry assignment. You have an assignment. Learning the teachings of Yeshua will lay the foundation for you to understand and execute your kingdom assignment.
 - **LIVE** – to know the teachings of Yeshua means nothing if you are not willing to live the teachings. Some of the teachings are very difficult and will require an investment in healing from hurt and growing in the holy spirit. We cannot change the teachings to justify ourselves. Living the teachings of Yeshua is a process that will include failure and repentance but the objective is to exemplify the teachings in your living so that other will know that god is real and has the power to transform us.
 - **SHARE** – the commission of disciples is to make disciples. As we learn and live the teachings of Yeshua the completion of our discipleship is to invest in making other disciples. You have to opportunity and responsibility to inform others of the grace of god so that they can accept and acknowledge Yeshua as their personal lord. Then they can invest to learn, live and share.

TIME TO PURSUE YOUR NEXT LEVEL

- You have accepted and acknowledged Yeshua as your personal savior. Now you must substantiate your confession by allowing Yeshua to be Lord over you.
- The natural progression is to surrender your life to Learn, Live and Share the teachings of Yeshua.
- This is accomplished by making a commitment to be a Disciple of Yeshua.
- Pray that God will lead you to a community of Disciples who will invest in your growth. It is important for you to know who your spiritual leader is. This will allow you to be loved, taught, and corrected when necessary, just like Yeshua did with the original Disciples.
- If you need a relationship with a community of Disciples until God reveals your spiritual leader you can become a member of our digital community. (Place link to digital BHI)
