

M.O.M.'s Groups

Motherhood is both beautiful and challenging. Jesus reminds us we do not walk this life alone. Moms need other moms. M.O.M.'s groups exist to give intentional space for gospel-truth to permeate our parenting as well as cultivate a community of women who will continually point one another to the mercy of Christ and God's redemptive plan for our lives.

Monthly gatherings, will include:

- Scripture-based discussion – God's Word shapes everything we do
- Fellowship – We need time to gather and build relationships
- Prayer – Prayer deepens our relationship with the Lord
- Play – Moms need to play and laugh too. There is joy in relationship with one another.
