PRAYER FOCUS

Deb Michaud serves with Crossworld as the Director of Community Care. One of her roles is to serve global staff who are often isolated from the faith community due to their ministry and to help them in times of need or suffering. She is presently leading a group with international workers on the topic of resilience. The group is discussing various articles and podcasts regarding things such as unity, loss, and identity. Many of the workers joined this group because of challenges around them and around the world.
