FAITH IN CONTEXT SERIES

**DECEMBER 9TH &
10TH, 7:30-9:00
PM (IN THE
SANCTUARY)**

In November we were joined by Dr. John Walton for a discussion on the lost world of Genesis.

This month we are pleased to host Dr. Jeff Hardin, professor in the Department of Integrated Biology at the University of Wisconsin-Madison.

December 9th, 7:30-9 p.m.

Are Genesis and Science in Conflict?

If Dr. John Walton is correct and Genesis and Science are not in conflict, how do we begin to reconcile scientific findings with the Bible? Dr. Hardin will explore a range of ways committed Christians who are scientists have reconciled their faith with science, and explore principles for how to be a community of "faith seeking understanding."

December 10th, 7:30-9 p.m.

Fearfully and Wonderfully Made?

Embryology and Christian ethics. Dr. Hardin will explore how his embryology lab's research complements his Christian faith and the Bible. He will also explore important bioethical issues that can be thorny for Christians in the public square.

Looking to Get More Involved?

At Church of the Saviour our mission is to *Love God, Love Others, and Serve the World.*

- We love each other by living in community. Our **community groups** are open for the winter semester. Check out coswayne.org/groups to sign up!
- Serving helps us grow closer to God and is a vital part of unleashing God's kingdom mission! Our ministries include (but are not limited to) **Global Outreach, ESL, women's shelters, ALPHA, Celebrate Recovery, Worship, Kids, Students, and Special Needs.** If you're interested in serving through our ministries or learning more, contact deborahb@coswayne.org.
