Description:

A mentor fosters intentional relationships in which women listen, share with, unearth potential, diligently pray for, and unconditionally love the mentee in their care in a safe and trusting environment. Mentors are guides who have travelled the path before, learned along the way, and are willing to assist others. They rely on Jesus rather than themselves using Scripture as the authority for their lives.

A Mentor is one who:

- Reflects Jesus in action, attitude and conversation
- Lives with a consistent desire to please God and walk according to his ways
- Demonstrates godly character
- Provides guidance, not answers

Responsibilities:

- Is willing to invest time, prayer, love, guidance and genuine concern for the women they mentor
- Maintains a healthy, growing, personal relationship with God
- Commits to a year of weekly connection with each individual mentee and a monthly face-to-face meeting with all their mentees as a group.
- Holds commitment over compatibility
- Attends mentor training
- Is willing to submit to the authority and leadership of the pastor, and the guidance of the leadership team
