

Parent Note:

Welcome! The 'virtual' VBS we put together this summer is adapted here for through-the-year use. The activity included consists of 5 designed 'HUT' slideshows, and a few hands-on project activities - any of which benefit from very simple parent helps.

Hut Slideshow – Once settled at home today, open your Laptop, home PC or Tablet device up to **calvaryco.church/vbs***. Scrolling down you'll see a slideshow set for Day 1 (our VBS is set up for a 5-day adventure.) Your kids start here with a *button link game* (found on Slide 2.) The kids have 4 new slides to scroll thru each day, 3 of which have *numerous* interactive links (know that these are all family safe, as they exist on the church's own *Vimeo* storage depository.)

Most links will open up in a new browser window, so help the kids see that to get back to the slide they were on they simply find the *first* original open tab along top (i.e. not using any backarrows.) It will normally be found at upper left. At the end, the kids will have many tabs open, if they have accessed all links available to them.

SPLASH-Kit Activities: *Note: These are all best used printed out for your kids to use.*

Bingo (Creation 4x4) – Consider a nature walk together, or spend at least 20 minutes driving around on any outing today. This will give them time to find many items on their lists (3 different sheets provided.)

Kitchen Drawer Fun – This requires a 'junk' drawer that the kids may safely forage through.

Receipt Bible Lookup – This requires using any store/drive-thru receipt...more fun if you acquire together...ice cream anyone?

Hut Garden – This is a simple diorama project using a few items found at Dollar Tree. Enjoy spending any time together, and enjoy 'Tracking down the One True God' this week...through His many attributes!

***Stuck already?** Don't fret...Send a note to Pastor Michael at michaelg@calvaryco.church

Attributes of God

A Almighty, Alpha and Omega, Anchor

B Bread of Life, Bright and Morning Star
