

## App Help

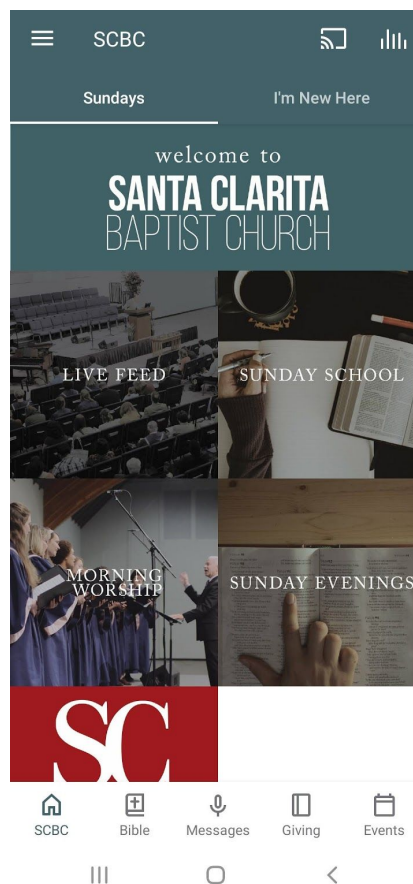

SCBC offers an app to help you engage in our worship service more fully, whether you're at home or on campus.

To download, go to your **Apple App Store**, **Google Play Store**, or **Kindle Fire store**.

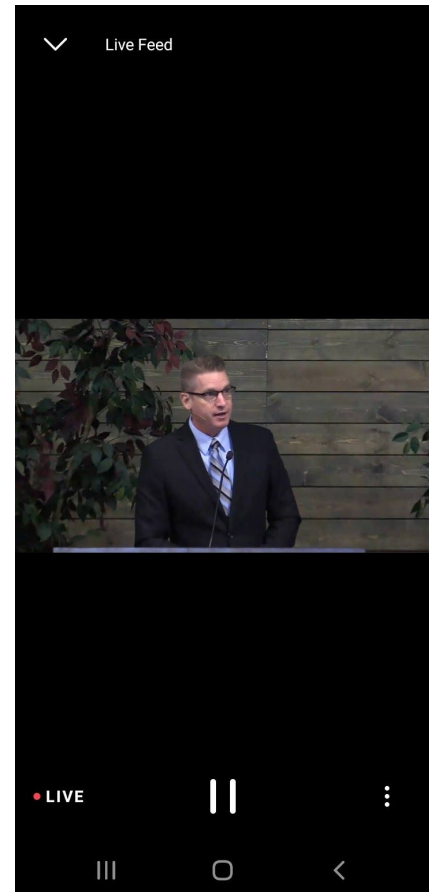

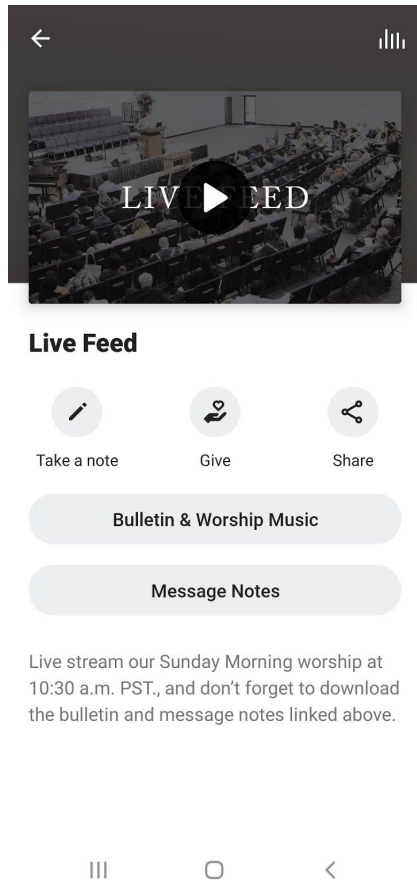

Simply search for "Santa Clarita Baptist Church."

### Tuning into the Live Feed

Open the app and select the "Live Feed" image on the left.

Click the “Play” button in the center.

The live feed should appear on the screen.

If you want to cast it to your smart TV, select the TV or Chromecast option in the righthand corner of your screen.

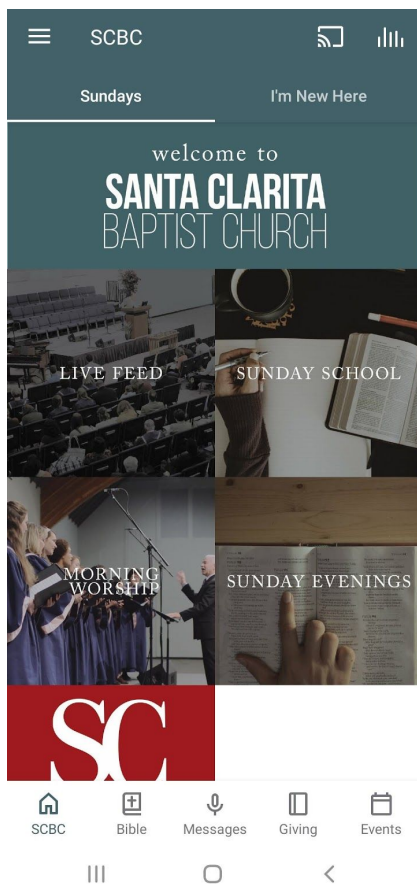

If you experience issues, such as buffering or a blank screen, exit out of the app and restart the app.

If you have further issues or need help, email us at [video@scbc.cc](mailto:video@scbc.cc) and we will be in touch.

### Watching Previous Messages

From the home screen, select “Messages” in the bottom center.

The page on the right will open, and you can select the series you are interested in.

### Other features of our app:

- Giving
- Weekly bulletin
- Sermon notes
- Info on all of our ministries
- Guest Connect Card
- Bible & Reading Plan
- Events
- Notifications on new messages
