

Hello!

Thank you for agreeing to work with us on producing protection equipment to help our fight against the coronavirus. The materials we are requesting from the community will help keep our patients, our staff, and the community safe during the battle ahead.

Our team analyzes our inventory of materials daily, as things are rapidly evolving. We've made a few changes in the past 24 hours that have impacted our needs. The CDC now recommends wearing cloth face coverings in public settings where other social distancing measures are difficult to maintain (e.g., grocery stores and pharmacies).

Considering the new guidelines, our primary focus has shifted to the production of masks. This CDC guideline will make it more difficult for our healthcare workers to receive the vital protection they need.

For those of you who purchased material and committed to making gowns with our current pattern, we are gladly adding them to our inventory. **If you are willing to pause making gowns and shift gears to return to the production of making masks, we'd appreciate it.**

We have also made changes to help you in the donation process. **Please note we've moved our permanent drop off location from the Miami Valley Hospital loading dock, to Fidelity Health Care in Moraine. Community drop-off locations begin next week.** We have some community volunteers who are graciously bringing their vehicles and/or trailers to various sites for collection. We modified the original drop off/ mailing location:

Three ways to donate:

1. **Drop off your donations to one of our Community COVID-19 Donation Locations: See attachment. They will also be updated on our website <https://www.premierhealth.com/services/infectious-disease-care/covid19-info-and-how-to-help/ways-to-help/donation-drop-off-locations>**

2. **Mail to:**

Fidelity Health Care

3168 Elbee Rd.

Moraine, Ohio 45439

- 3. Deliver items in person Monday-Friday (8:30a-5:30p)**

Fidelity Health Care

3168 Elbee Rd.

Moraine, Ohio 45439

***Building C Warehouse – Medical Supply Entrance w/blue awning**

We apologize for the last-minute nature of these changes. As you can imagine, this is an ever-evolving situation. We appreciate your understanding and your willingness to help. You are true community heroes!

Sincerely,
Premier Health Helping Hands
