

ORGANIZATION

Cook's Night Out

MISSION

Cook's Night Out provides a free meal for families or individuals one night each week at various churches throughout the Edmond area. Everyone is welcome! Participants might be experiencing financial strain, have a need for positive social interaction, have difficulty cooking for themselves, or even just enjoy fellowship and sharing the love of Christ. The ministry is now entering its 12th year, providing approximately 200-250 meals each month, with a volunteer staff of 15-25.

WAYS TO SERVE

Volunteers are needed to assist with cooking, to donate financially, or better yet - to come and participate by serving food to guests and providing socialization for those joined together.
