

Home Gatherings

HOW TO START A HOME GATHERING

Starting a Home Gathering is as simple as inviting a few people over to your house to watch the service together! You do not need to create a sign-up form, and anybody can start one. We encourage you to respect the guidelines set in place for gatherings in a house. At the time of this document, the max is 10 people. This would include children. You do not have to gather on Sunday morning if the afternoon or evening works better for your group.

HOW TO HOST A HOME GATHERING

Facilitating a Home Gathering includes setting up a space to watch the service, setting up the service video on your TV, watching the service, taking communion, and reflecting on the sermon together. Make sure you have enough seats for the people you've invited. Make sure your Wifi is capable of streaming the service on your device. If your group is comfortable taking communion together, you can set out some bread and juice on the coffee table. Each week, we will put up a few reflection questions at the end of the sermon. This is a good opportunity for your group to discuss what you learned from the sermon and how you can apply these truths in your life.
