

I've been blessed to know Caspar McCloud for four years now. He has a wonderful ministry with much information other's don't have available. His music, art and knowledge of the biological connections to our bodies/minds/spiritual being is very well researched and presented in a fashion that most anyone can learn what they need to know to improve the quality of their life, primarily through knowing how the teachings of the true Son of God, Jesus the Christ and Messiah can transform ANYONE into a higher place of existence in our human bodies before we are transformed forever into our final destiny as Our Father who created us intended. Thanks for you kindness over the years Caspar. May you and your family and ministry continue to be blessed to continue blessing each person one at a time. A grateful Daughter of the Most High God, and His Only Son and Messiah I like to refer to now as Yahushua or Jesus the Christ and Messiah, the only One who can help you access the True Lord God and creator of all living beings and His Human Children. I just use these names as they are working well for me and producing much fruit but not saying these are exclusively needed by anyone else but they work wonders for me. Thanks be to all my friends and all Glory to The Lord God. Julie Gabler.

LET THEM SEE WE ARE CHRISTIANS - Caspar McCloud

"Great song, sir! Great message! I had no idea your guitar chops were that blistering... amazing work, my friend. Even kind of has that "British Rock" sound; not sure how you captured that 😊;) I know the song is about the message and our Lord Jesus, which I have no doubt most will comment on; I just wanted to point out the musical gifting that God's given you as well. It's nice to hear sometimes. God Bless, brother!"

God be with you, Caspar McCloud! We found your preaching and your music on Fringe Radio and we enjoy listening to what you have to say and sing. Your love for Christ shines through like a sun beam. M.T.

Thank you for visiting Maranatha in Paramus New Jersey a couple of weeks ago.

I was chatting with you after the service about horses and the Kentucky Derby.

I purchased your Pictures Of Jesus acoustic worship CD. I am very blessed by it and the beautiful guitar playing.

I listen to it at least once a day on my long commute to work. It has become my morning worship with Jesus.

Hope to see you again in New Jersey.

Thank you Pastor,

In His Love,

C.S.

Also thank you for the Wheat & Tares video. Great music and lyrics!
A very catchy tune.

We at St. Martins Church leadership have had the pleasure of our guest minister Pastor Caspar McCloud several times over the last few years and want to say a big Thank you.

Each time he has shared the Gospel from our church pulpit we have been tremendously blessed by his preaching and teaching. We have felt the presence of the Lord overtake us in these meetings.

Pastor Caspar was always willing to spend extra time ministering to

people individually and there were a number of people who have said they received healing's physically, spiritually and emotionally as he prayed in the almighty name of Jesus.

This past year Pastor Caspar and his wife Joan came and taught a weekend conference based on his book What Was I Thinking? Helping us understand how our thoughts effect our health and well being. A number of people have said it was life changing information. He also played some of his original anointed music and lead us in worship at our regular Sunday morning service.

We would like to take this opportunity to highly recommend him to your church. Please feel free to contact me at.....

When I see and hear Pastor Casper speak the Word, all I can think is "The Heart Of God!" This man has the Heart of our Lord, he peacefully but powerfully delivers it.

I first met Pastor Caspar McCloud in New York City at SIR studios back in the late 70's when I asked him to join my band.

Unfortunately, he was already engaged and obligated to return back to U.K. Even though we worked over the years with many of the same people and musicians, our paths didn't cross again until a few years ago.

My wife, Jenda, recognized him from playing his song 'America' in a popular Trey Smith film. We picked up where we left off in the 70's and, in fact, Pastor Caspar later introduced us to Trey Smith. Trey and I made a film called 'HolyLand' together in Israel soon after.

I telephoned Pastor Caspar up several months ago after having a dream and vision one night of seeing us ministering together in concerts, where people in the audience also received supernatural healings when we prayed in Jesus' name.

He is not only an excellent guitarist, singer and songwriter but he has studied a broad range of subjects, from a biblical perspective and has written several insightful books on helping people understand how thoughts effect our health and also on prophesy.

I would highly recommend him as a guest minister at your church or events.

We are planning to do a series of concert-type ministry events together now and would also love to have an opportunity to come share our songs, stories and testimonies with you. Blessings

Attention Pastors and Event Planners,

For those of you interested in a deeper understanding of the times we live in, I'd like to take this opportunity to highly recommend Pastor Caspar McCloud to come minister at your church or event.

Pastor Caspar is one of our well-loved featured speakers with Hear the Watchmen conferences over the past number of years. He has not only blessed us with his excellent preaching/teaching presentations, but has become our main worship leader.

A number of people who attended our meetings have told us there is a King David type anointing on the music and messages he shares with us, and many of the songs are his own compositions. The Lord inhabits the praises of his people and this also helps set the atmosphere for the crowds to receive what the Lord has for us.

At every Hear the Watchmen conference we have seen hundreds of people saved and many rededications as Pastor Caspar and Pastor Paul Begley give an alter call. We have also gotten numerous testimonies from people being healed both spiritually and physically. Several people have told us his presentations on "how to take all your thoughts captive to Christ" were life changing.

Not surprising he is also a staff writer with Dr. L. A. Marzulli's magazine PP&S and featured on numerous interviews as well as his own video/radio show "Spiritual Encounters."

Pastor Caspar has a uniqueness which is, quietly frankly, indescribable. He exudes God's love and light, as he is a walking testimony of Jesus Christ. He explores the truth about tough topics in a non-threatening way and blesses the audience with his insight and unpretentious, simple style. He always is willing to spend one-on-one time with the attendees and gives each of them his full undivided attention and prayer.

Needless to say, if you have not yet invited Pastor Caspar to preach and/or perform worship music at your church or event, you will be blessed to do so. Feel free to contact us!

Blessings,

Jeannie

Hi Pastor Caspar.....

By sitting where we did when we met you in Boise, we also got to meet Russ Dizdar who came and sat next to me twice and also Michael and Daniel Boldea who sat behind us a couple of times. You are all such sweet men of God, and I long for the day when Don and I will be able to get to more of these gatherings. I wish we could have met your sweet, beautiful Joan in Boise. Was she with you? We really love all you guys that we have come to know through the various ministries associated with Hear the Watchmen ministries, and we thank God for you (our new family). Mike and Jeannie are wonderful people and are doing a great work for the Lord in organizing their gatherings and doing their YouTube interviews. I just put an order in yesterday for the Long Island DVDs they will be putting out after that conference. We'll be with you there in spirit. Some day we want to buy a camper and drive out to more of these events.

But getting back to how we met: Lo-lo-lo-lo-Lola! You silly guy - making me laugh "in church" no less!!! We love your jokes. They're real groaners!

Blessings and love to you dear brother,
R.E.

Hi Caspar I wanted to introduce myself to you. My name is Mike Harty born again christian who loves the lord. I saw your session at the Long Island Prophecy Conference and your worship. I noted the simplicity of 'Nothing but the blood of Jesus' it is a very powerful song. I wanted to say that your speaking session spoke to me more deeply than almost any other speaker I loved your message of the gospel and your stepping out in faith with word of knowledge and healing ministry. I was touched deeply by your sincerity and love for the lord. Although I play as a bass guitarist (past 6 years) in the worship ministry at Calvary Chapel Sun Valley in California. It is not enough for me I would love to be involved in a ministry such as yours or any other opportunity similar to yours. I am listening to your songs and enjoying them. Say hi if and I will answer you. Take care God bless you. Mike

One of the things about Pastor Caspar McCloud that I so love is how incredibly soothing his voice is with that British accent of his. LOL 😊:-)

To Whom It May Concern:

I am writing to offer my strongest endorsement for Pastor Caspar McCloud's music ministry. He has demonstrated a heart for theologically themed worship lyrics as evidenced in his latest release titled, "Revelation Rocker."

Pastor Caspar's music is a much-needed reminder of the power of God available to all believers who seek Him. I encourage you to consider scheduling him for a worship service or stand-alone music event. Either way, you will be blessed by this man of God.

For Jesus,

Mike
