

Welcome Club Summer Camp

Empowering the Local Church to Serve the Most Vulnerable

WORLD RELIEF SACRAMENTO & EPC WORLD OUTREACH

Sacramento has been the nation's largest resettlement location over the past 5 years. Over 12,000 people from Afghanistan have made their new home in Sacramento with over half of them being school aged children.

Fair Oaks Church in partnership with the EPC World Outreach and other EPC churches, is helping World Relief of Sacramento launch a Welcome Club Summer Camp.

The [Welcome Club Summer Camp](#) will provide a safe and fun learning environment as participants engage in team building games, sport focused activities and nutritional education.

Welcome Camp will be a great setting for new volunteers to engage in cross-cultural relationships. Volunteers will be able to help lead and organize specific activities with the intention of encouragement and connection.

[Would you join with other EPC volunteers in helping us launch this first Welcome Club summer camp here in our own town?](#) Volunteers 17 yrs and older are needed.
