29: Dairy Flo and Volleyball	27: Oasis – Smith's Lakehouse	28: Hiking Marquette

Event Descriptions:

Summer Oasis

Summer Oasis is our primary form of gathering in the summer. It will be hosted at the homes of people in the church who love students and want to get to know them. The purpose is to help students get to know more positive role models (Our hosts for the evening), to be able to connect with other students through a time of fellowship, and to be challenged spiritually by a message. We aim to be a non-threatening environment for anyone who is not a Christian or trying to get plugged into a church. We desire to be relational and intentional about how we spend these times together throughout the summer.

June 18-24: Summer Camp - Trails End Ranch

We take students to summer camp at Trail's End Ranch each summer. This is an excellent opportunity to build deeper connections with other students and be challenged spiritually. While at camp, students will have two chapel services a day and set aside devotional time. Trail's End is an adventure camp that offers many ways for students to experience new and exciting events. You can register on the church website for \$150 per camper.

June 29: Dairy Flo and Volleyball

At 3:00 pm we will meet at Dairy Flo to get ice cream and spend time together. Once everyone has enjoyed their snack and is ready to move on, we will walk down to Van Cleve Park to play volleyball. We will finish wrapping up our time at the park around 5:00 pm but hang out with any students who stick around longer.

July 10: Mall/Food/Bay Beach

This is going to be an amazing hang-out event! We will simply enjoy each other's company as we enjoy some of the simple pleasures of life. We will leave the church at 1:00 pm and return between 9:00-9:30. Students will need some money for dinner and some for Bay Beach. We recommend at least \$25 but also recognize they may want to buy something at the mall. There is no charge for the event, whatever your student spends at each location.

July 18-21: Vacation Bible School

VBS is an excellent opportunity for students in 7th-12th grade to serve and lead younger kids. This week, we hope to challenge our youth group students in their leadership ability and help them take maturing steps towards spiritual leadership. Sometimes that comes in leading worship, a play, a game, or helping with snacks. God has gifted each of us differently, and we can all serve Him uniquely in the way He created us. If you are interested in being a leader at VBS, please reach out to pastor Jordan.

July 23: River Tubing – Natures Water Park (Florence, WI)

After a week of serving in VBS, it's time to unwind (You don't have to serve at VBS to sign up). We will spend our day out on the river enjoying God's creation. We will depart from Grace Church at 10:30 am and return between 6:00–6:30 pm. We ask that students eat a big meal before leaving because we will only have snacks and drinks available on the river. The cost is \$15 per person (registration will be available online soon).

August 6: Boating – Lake Antoine

Each year we are hosted at Lake Antoine for a full day of fun in the sun. Food and drinks are provided, and boats, jet skis, and more. This year we have the privilege to partner with Bark River Bible Chapels youth group for this event. It is always exciting to see how many people come out to join us and get to hear a gospel message. This is a free event, and we do encourage you to invite your friends.

August 14: Timber Rattlers Baseball Game

After the church service, we will leave to enjoy our time at a Timber Rattlers game. Because we will not have time to eat before we go, we encourage students to have packed lunch or be prepared to purchase food at the stadium. We have 18 tickets available for \$5 apiece, and you can register online soon.

August 28: Hiking Marquette

We will leave at 12:30 pm from Grace Church and return between 6:00–6:30 pm. We are not planning a break for eating but will have some snacks available. The total hiking distance will be between 2-5 miles. This will be

a great chance to experience some good views of God's creation together. We are excited to use this event to grow our relationships with students.
