

JIGILO

"This horse is talented, trainable
and quite beautiful"

SUCCESS BREEDS SUCCESS

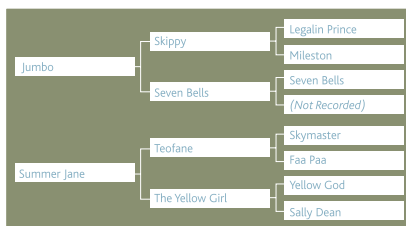

This young, homebred stallion is of a lighter frame than the other stallions standing at Grafham. He has already reached Intermediate level eventing with Tony Clarke and completed his 2005 season winning points in Open Intermediate competitions. He will again be competing with Tony this season.

Splidge - as he is affectionately known at home - has the most amazing temperament. This kind, mannerly horse is talented, trainable and quite beautiful. When he competes he always gives of his best and he is a real favourite in the yard.

For the purist he offers breeders the opportunity to put a 'blood type' stallion on their TB mares to breed true 4 star types. On stronger mares he will inject quality and presence.

He is of course by Jumbo, out of a TB mare. His full brother Just So Cool evented successfully at Novice level in 2005 – this really is a seriously talented family.

Jigilo was graded with the BWBS in 2004 and will be available for this, his second season at stud, for AI and natural covering.
