

# *A New Beginning Pregnancy Resource Center*

September 2019

Dear Fellow Believer,

Have you ever heard of us before? As we approach our one year mark of changes here at A New Beginning, we are excited about the future possibilities on how we might serve our community of unborn babies and moms that just need a little hope to continue on. One can drive down the road and read a billboard and know that an abortion clinic exists. But there are many who do not know we exist. We'd like to change that by getting our name out there in the community, and we need your help in doing that. If you've not heard of us before, we invite you to come to our Center or go on line [www.anbprc.org](http://www.anbprc.org) and learn about our ministry. Let us share with you how we are helping.

I have heard the story of a little girl discovering an old baby sock in a box of keepsakes. Her grandmother explained that it was her prayer sock. Every time she saw it, she would remember to thank God for her children and grandchildren, because they were a gift from God, created in His image. In this envelope, you will have found an orphan sock. Perhaps you could place the sock in an often seen location as a daily reminder to pray for the protection of an unborn child. I suggest the most vulnerable human lives in our society today are unborn children. Raising children is a labor of love.

Would you please take a moment and pray about making a commitment in one of two ways:

1. By supporting A New Beginning Pregnancy Resource Center on a monthly basis.
2. It is our desire to rent a billboard to promote a New Beginning and life in a positive way. However, the Center does not have the funds, billboards are expensive. What if we had a number of churches go in together and rent a billboard to share life in a positive way? Fifty churches giving \$30.00 a month would get us four billboards!

Pregnancy for some is a very personal and frightening crisis. You may never know the lives you will touch with your gifts. In the future when you hear the laughter of a baby, just remember you have had a part in making this world a better place.

Sincerely,

Diane Bilbrey, Director
