

Trinity Evangelical Free Church Child/Youth Protection Policy

General Purpose Statement

Trinity Evangelical Free Church seeks to provide a safe and secure environment for the children and youth who participate in our programs and activities. By implementing the below practices, our goal is to protect the children and youth of Trinity Evangelical Free Church (Trinity Church) from incidents of misconduct or inappropriate behavior while also protecting our staff and volunteers from false accusations.

Train up a child in the way he should go; even when he is old he will not depart from it. – Prov. 22:6

Definitions

For purposes of this policy, the terms “child” or “children” include all persons under the age of eighteen (18) years.

Selection of Workers

All employees and all persons who desire to work with the children participating in our programs and activities will be screened. This screening includes the following:

a) Six Month Rule

No volunteer will be considered for any position involving contact with minors until s/he has been regularly attending Trinity Evangelical Free Church for a minimum of six (6) months. This time of interaction between our leadership and the applicant allows for better evaluation and suitability of the applicant for working with children.

b) Criminal background Check

A national criminal background check is required for all employees (*regardless of position*) and for the following categories of volunteers:

- Those who will be involved in our school/preschool/daycare center/nursery/church children’s ministry;
- Those who will be involved in overnight activities with minors;
- Those counseling minors;
- Those involved in one-on-one mentorship of minors; and
- Those having occasional one-on-one contact with minors (that is, church-sponsored athletic team coaches and vehicle drivers)

We use **Protect My Ministry** website to conduct our background checks. You can access the background check from our church website. The church website is www.theporchlife.org. When you go to the church website you will need to click the "News" tab. On the "News" page you will see a button titled "Volunteer Online Application." Click this button and you will be taken to the Protect My Ministry background screening site. If you do not have access to a computer, please contact the church office (995-6588).

What constitutes a disqualifying offense that will keep an individual from working with children will be determined by our senior pastor on a case-by-case basis in light of all the surrounding circumstances. Generally, convictions for an offense involving children and/or for offenses involving violence, dishonesty, illegal substances, indecency and any conduct contrary to our mission will preclude someone from being permitted to work with children. Failure to disclose a criminal conviction on the application form will also be a disqualifying event.

The background check results will be maintained in confidence on file at the church.

c) Personal Interview

Upon completion of the application, a face-to-face interview with a pastor or board member may be scheduled with the applicant to discuss his/her suitability for the position.

Two Adult Rule

It is our goal that a minimum of two unrelated adult workers will be in attendance at all times when children are being supervised during our programs and activities. Some youth classes may have only one adult teacher in attendance during the class session; in these instances, doors to the classroom should remain open and there should be no fewer than three students with the adult teacher. We do not allow minors to be alone with one adult on our premises or in any sponsored activity.

Responding to Allegations of Child Abuse

For purposes of this policy, "child abuse" is any action (or lack of action) which endangers or harms a child's physical, psychological or emotional health and development. Child abuse occurs in different ways and includes the following:

- Physical abuse – any physical injury to a child which is not accidental, such as beating, shaking, burns, and biting.
- Emotional abuse – emotional injury when the child is not nurtured or provided with love and security, such as an environment of constant criticism, belittling and persistent teasing.
- Sexual abuse – any sexual activity between a child and an adult or between a child and another child, including activities such as fondling, exhibitionism, intercourse, incest, and pornography.
- Neglect – depriving a child of their essential needs, such as adequate food, water, shelter, and medical care.

In the event that an incident of abuse or neglect is alleged to have occurred at this church or during our sponsored programs or activities, the following procedure shall be followed:

1. The parent or guardian of the child will be notified.
2. The worker alleged to be the perpetrator of the abuse or misconduct will immediately be placed on leave from working with children pending an investigation.
3. Our insurance company will be notified, and we will complete an incident report.
4. We will comply with the state's requirements regarding mandatory reporting of abuse as the law then exists.
5. We will cooperate with any investigation of the incident by state or local authorities. In the event there is no investigation of the incident by state or local authorities, a team will be formed to investigate the circumstances of the incident. The team should act only in consultation with our insurance company and/or attorney.

6. Any person who is not found innocent of the alleged abuse or misconduct will be removed from their position with children or youth.
7. Sr. Pastor or Board Chairman will be our spokesperson to the media concerning incidents of abuse or neglect, unless he or she is alleged to be involved. All other workers should refrain from speaking to the media.
8. A pastoral visit will be arranged for those who desire it.

Open Door Policy

Classroom doors should remain open unless there is a window in the door or a side window beside it. Doors should never be locked while persons are inside the room.

Teenage Workers

We recognize that there may be times when it is necessary or desirable for babysitters (paid or volunteer) who are themselves under age 18 to assist in caring for children during programs or activities. The following guidelines apply to such workers:

- Teenage workers must be at least age 16
- Teenage workers will be screened as specified above.
- Teenage workers must be under the supervision of an adult and must never be left alone with children.

Check-in/Check-out Procedure

For children below grade 3, a security check-in/check-out procedure will be followed. The child will be signed in by a parent or guardian, who will receive a pager for the child. The parent or guardian must present the pager in order to sign out the child from our care. In the event that a parent or guardian is unable to present the pager, the Children's Ministry Director will be contacted. The Children's Ministry Director will be responsible for releasing the child to the care of a parent or guardian after discussing the surrounding circumstances with the parent or guardian.

Medications Policy

It is the policy of Trinity Evangelical Free Church not to administer either prescription or non-prescription medications to the children under our care. Medications should be administered by a parent at home. Parents are reminded of our sick child policy.

Exceptions to the medications policy may be granted to parents of children with potentially life-threatening conditions (such as asthma or severe allergic reactions). Parents of such children should address their situation with Children's Ministry Director to develop a plan of action.

Discipline Policy

It is the policy of Trinity Evangelical Free Church not to administer corporal punishment, even if parents have suggested or given permission for it. There should be no spanking, grabbing, hitting, or other physical discipline of children. Workers should consult with Children's Ministry Director or Youth Pastor if assistance is needed with disciplinary issues.

Restroom Guidelines

Children five years of age and younger should utilize a classroom bathroom, if one is available. If a classroom bathroom is not available, workers should escort a group of children to the hallway bathroom. They should always go in a group, never taking a child to the bathroom alone. The workers should check the bathroom first to make sure that it is empty, and then allow the children inside. The workers should then remain outside the bathroom door and escort the children back to the classroom. If a child is taking longer than seems necessary, the worker should open the bathroom door and call the child's name. If a child requires assistance, the workers should prop open the bathroom door and leave the stall door open as he/she assists the child.

For children over the age of five, at least one adult male should take boys to the restroom and at least one adult female should take girls. The worker should check the bathroom first to make sure that the bathroom is empty, and then allow the children inside. The worker should then remain outside the bathroom door and escort the children back to the classroom.

For the protection of all, workers should never be alone with a child in a bathroom with the door closed and never be in a closed bathroom stall with a child. Parents are strongly encouraged to have their children visit the bathroom prior to each class.

Accidental Injuries to Children

In the event that a child or youth is injured while under our care, the following steps should be followed:

1. For minor injuries, scrapes, and bruises, workers will provide First Aid (Band-Aids, etc.) as appropriate and will notify the child's parent or guardian of the injury at the time the child is picked up from our care.
2. For injuries requiring medical treatment beyond simple First Aid, the parent and/or guardian will immediately be summoned in addition to the worker's supervisor. If warranted by circumstances, an ambulance will be called.
3. Once the child has received appropriate medical attention, an incident report will be completed in the case of injuries requiring treatment by a medical professional.
