Family Requests

Jason McGuire – Continue to pray for him for a complete recovery as he continues working on his grip.

Karson Wise – (Renee Estes 8 yr. old cousin) The vegetation is no longer on the heart valve and the valve is still functioning properly but the doctor said they know there are still pieces on the valve and infection inside the heart. The doctor is going to talk with infectious disease doctor and attempt to figure out if changes in treatment are needed. Karson's kidneys continue to show improvement but they are watching this closely. Right now they have no idea how long he will be hospitalized. Please pray for Karson, for wisdom for the doctors in determining treatment options, and for the family for strength, peace, and comfort.

Beckie Scates – She just got of surgery for port installation and everything went well. She will start her first round of chemo Monday, October 26th. She will have chemo for approximately 4 ½ months and then have surgery which will probably be in late February or early March. Pray for Beckie as she goes through chemo.

Leslie Dunn – (David & Kara Gosnell's daughter) She had double surgery last Friday to remove more cancer. She is now in a great deal of pain and the pain meds are not helping relieve the pain. Pray for pain relief and that the surgeon was successful in removing all remaining cancer.

Doug and Jamie Johnson – Jamie had a follow-up bone scan this week that was negative. Praise Jesus! Continue to pray for her as chemotherapy treatments are ongoing.

Rick & Crystal Harms – Pray for both of them for continued improvement.

Cliff Shelder – He is having full shoulder surgery Wednesday, November 4th. Pray for Cliff, the surgeon, and all who attend to him.

Crystal Gunlock – (Randy & Glenda Moss' daughter) Continue to pray for her and for continued improvement.

Emily Topping – (16 yr. old niece of Carolyn Davis who has been attending BVBC) Her condition was more than anticipated. However, she came thru the surgery well and is currently recovering in a hotel in New York. She is experiencing a little difficulty with pain management but has follow-up appointments with the 4 surgeons this week. If all goes well, they expect she will be able to return home to Arkansas Saturday. Pray for management of pain and that she will be able to return home Saturday where she will be more comfortable during recovery. Pray for travel safety for Emily and her family when they travel home.

Kim Holman – (Jamie Rhodes sister) Kim lives in Southern Illinois and was admitted to the hospital in Evansville, Indiana Monday night with COVID. She has pneumonia and is septic. She is currently on oxygen, an IV, and some COVID treating drug. It takes 48 hours to determine if the COVID drug is working. She's had a fever for 9 days and is very weak and emotional. Her husband has COVID and is doing well. Please pray for Kim and her husband.
