

Most students engage actively in digital spaces. Whether that be for academic, professional, or personal reasons, the average Gen Z individual will spend approximately 3 hours on social media each day. As a way to intentionally engage them in this digital space we sought to develop thought provoking content that addresses major questions and obstacles for individuals to consider faith in Jesus. As a result we launched our “Continue the conversation” mini apologetic video initiative.

Cassandra along with other staff and students from Penn State Cru came together in video form to speak honestly, opening the conversation up to challenging questions such as: *Why do I need God?*, *Are all religions the same?*, *Searching for Significance*, *Science vs Faith*, and *Isn't it enough to just know about God?* Tobin demonstrated his tech expertise by editing and producing all the videos, preparing them for our outreach campaign.

Leveraging social media platforms, emails, and shares we have been launching these videos out week by week. We're trusting God that through this digital outreach we would be able to generate meaningful conversations and authentic relationships. The viewers are prompted to reach out to us via email so we can pursue meeting together to honestly discuss these topics. In 1 Peter 3:15, Peter says *“in your hearts honor Christ the Lord as holy, always being prepared to make a defense to anyone who asks you for a reason for the hope that is in you; yet do it with gentleness and respect”* That is our very posture and prayer through this digital evangelistic outreach. Would you pray with us for favor and effectiveness and that students would come to know the real Jesus through our apologetic outreach?

By His Grace, for His Glory,

*Tobin and Cassandra*

Praise God for the meetings students and staff are having with students from our two-by-two blitz last month

Pray for our “Continue the Conversation” digital apologetic outreach, that God would open opportunities to have conversations with students

Pray for students as they consider how to invest their summer to grow their faith and live missionally.

Praise God for his provision of our new home that our family can flourish together.

We are excited to share with you that we have been blessed to purchase our first home in Bellefonte, PA, just down the road from our current residence. After many years of renting and the addition of two little girls to our family we felt God moving us to pursue home buying to help serve the unique needs of our family and ministry. We closed on our new home in early March and have officially moved in!

We will continue to work with Cru at Penn State and Lock Haven to reach students with the gospel. In the months to come we are looking to outfit two spaces in our home for ministry purposes and are praying God uses them to allow students' lives to be transformed through being in our home and engaging with our family.

**Our new address is  
976 E. High Street  
Bellefonte, PA 16823**

THANK YOU FOR PRAYING!
