

Hurry Up and Wait - Acts 25:1-27

1. Why is patience hard?
2. Read Psalm 27:14. What is the difference between waiting for the Lord and waiting on the Lord?
3. How do we "do" while we wait? What types of things are we supposed to do while waiting on the Lord?
4. Read Genesis 29:15-20. Why did the seven years that Jacob waited seem like only a few days? What was he doing? How are you doing while you wait?
5. In ALL things, God is ALWAYS right on time. Have there been any times in your life where it seemed that God's timing was off? What was the outcome of that situation?
6. We often think that God has gotten his timing wrong because of a misperception on our part. Read Isaiah 55:8-9. How should we respond when it seems like God's timing is off?
7. What is something that you are waiting on God for currently? Pray for one another to have patience in this season of waiting.
