TAKE ACTION - ALL CA Public schools, (including charter schools beginning fall of 2019) must offer comprehensive sex ed (CSE) to middle school and high school students. Oceanside has decided, against the will of the parents, to begin these classes in Kindergarten. We must resist the dismantling of parental rights by the State. In California CSE is teaching minors how to access abortion without parental consent, teaching children as young as Kindergarten that they have sexual rights, and has an obsessive focus on sexual pleasure. It is a direct attack on family values. This is not an optional fight. We must protect our children & future generations! FMI, please see StopCSE.org & OceansideSexEd.com to add your name on the email list for more info, including action points & crucial dates to be aware of.
