

We help single parents raise healthy kids.

OUR MISSION

We help single parents raise healthy kids by encouraging, equipping, and empowering them. We do this so they can better love themselves, their families and their Creator. We mobilize churches, companies, and communities to do the same to help these families thrive.

WHAT WE DO

We join the journey

Because we have walked in their shoes, we journey with single parents through both the challenges and victories.

We build authentic community

We create support groups online, in local churches and in the US military.

We empower parents

We produce weekly podcasts, daily devotions and resources to help single parents in the areas they struggle with the most.

We advocate

We raise awareness and speak out for the specific challenges single parent families face.

We equip churches

We provide resources and coach local churches to better serve the needs of single parents.

We support

We connect the needs of single parents to local churches to provide real support locally.

OUR STORY

Solo Parent Society was founded by CEO Robert Beeson in 2017. Fully aware of the complexities that single parents face, Robert drew on his 8 1/2 years as a single dad to start this organization. Initially piloting a support group in Franklin, TN, the group was at capacity without ever being mentioned from the pulpit. The groups have expanded to 18 different states, the US military, and international online groups. Robert released a book in 2018, "Going Solo - Hope and Healing for the Single Mom and Dad" with Focus on the Family. Solo Parent Society has now reached over 100,000 solo parents across the globe through groups, resources, podcasts, and daily devotions.

GROUP INFORMATION

If you are a single parent... YOU BELONG HERE!

Solo Parent Society is a group of single moms and dads meeting weekly for connection, understanding, and support. We meet online and, as available, in person.

This is a time to connect, learn, and share to ultimately be a community doing life together. Everyone chooses how they will participate: join the conversation or just listen.
