

WHAT'S MISSING?

FIND IT ON APRIL 17

Lately it feels like there is a lot that has been missing from life. As we work to put our lives back together, many of us still feel disconnected, restless, like something is still not right. Maybe the thing that is missing is faith - a connection to God, church, joy. Maybe what's missing is Jesus. This Easter, we can actually find and experience joy, a renewed sense of hope, and a life that feels different and new. Join us, invite friends and family, and discover what is missing in your life.
