## BUILDING HEALTHY FAMILIES

Our culture encourages us to see the world and our relationships through a lens of individualism, in which we make decisions based on the question: "How will this effect ME?" How would our world be different if we returned to a faith, family, and community-centered lens, in which decisions are instead based on this question: "How

will my actions effect my children, my spouse, my parents, my congregational family, my community?" Give it a try this week!
