HOW TO ENGAGE WITH THE LIVING ROOM & TABLE TALKS

There are 3 primary ways to engage with The Living Room and Table Talks:

REACTIONS - Whether it's a 'like' or a 'love,' this is how we know what you think! This not only helps us know how you're liking the content, but it also enables more people outside of us to find our content in their Facebook newsfeeds.

COMMENTS - This is the best way to engage live! In the comments, our pastors can respond and react live to the thoughts, questions, and comments you post. You will see a section to the side or bottom of the video (depending on the device you are using) where you're able to engage live in commenting with our on-air pastors and other viewers.

SHARES - In the same area you see the reaction buttons, you will find a button for sharing. You do not need to start a watch party, but by sharing our content you will be able to help an exponential number of people outside of us see the content you are engaging with. You can think of sharing as the primary source of evangelism in our online community.

WHAT IF I HAVE A QUESTION?

If you have any questions on Wednesday night or Sunday morning, please send a Facebook message to the Church of The Shepherd Facebook page. We will do our best to respond with speed and accuracy in pursuit of helping you connect, engage, and share at the highest level possible.

We can't wait to engage with you this week!
