

5 Easy Steps

to an **At-Home** Worship Service

- 1) Ask kids to prepare something to share.** Could one of them pray, lead a song, bring a Bible passage or story, or even a picture they drew about the Bible?
- 2) Download a few songs to sing.** Kids can dance, play instruments, or make up actions!
- 3) Read a Bible passage. Ask good questions.**
 - What are these verses saying, in your words?
 - What verse sticks out to you? Why?
 - What does this tell us about God and what's true? What does this help you love about Him?
 - Why does this matter? What's it look like in our own lives as we follow God?
- 4) Pray together.**
- 5) Finish with one more song.**
