

Dear friends,

Last weekend at both services I asked the people of CTK Skagit to please trust me. I did that because the current health concerns are shifting quickly and we need to be nimble in our response. I have found great comfort in consulting the only play book for a church in a pandemic... a conversation with the Holy Spirit.

I say all of this because it appears that Covid-19 very well may have invaded our ranks. Because I love you, I am asking you to make a quick adjustment with your Lead Team to go digital. That means our service will be found on the CTK Skagit Facebook Page, CTK Skagit web site at [www.ctkskagit.net](http://www.ctkskagit.net), and of course the CTK Skagit APP. We will do this for a minimum of two weeks so please stay connected to us for developing information. Also stay close to Jesus because the mission of the church has not changed...Love God, Love people and make disciples

Remember to gather the family to do a Zoom or Zoom with friends to discuss the questions I will be sharing at the end of my talk.

Love you and please do all you can to stay healthy.

Rick Snodgrass
