Praise God for His Predestinating Love!
Ephesians 1:3-14 – Part 2

1. God chose _____ in Him before the foundation of the world.

2. God chose us that we should be _____ and _____ before Him.

3. God's predestinating love should _____ us; it should not make us _____.

4. _____ God's predestinating love to create division among God's people. It's a _____ we can't fully understand.

5. _____ God for His predestinating love!

Discussion Questions:

- 1) How is God's predestinating love an encouragement to you?
- 2) How does God's predestinating love give you a deeper understanding of His grace?
- 3) Why should God's predestinating love humble us?

One Thing:

This week, praise the Lord for His predestinating love! As you meditate on the mystery of His predestinating love, ask the Lord to use this aspect of His love to make you more humble, thankful, trusting in Him, and amazed by Him.
