

# The 5 C's of NMC Worship Ministry

**Character:** A growing relationship with Jesus Christ is expected. We have to be the same person on and off the platform. We can't lead people where we haven't been.

**Chemistry:** How you affect others. Each time we add someone, it affects someone.

**Competency:** The importance of developing your gift. God deserves and desires our best. And when we offer our best, we are able to minimize distractions in worship.

**Commitment:** The commitment level expected to be part of the team – Mid-week rehearsals, timeliness, preparation and worship services.

**Culture:** Every church has unique cultural aspects to it – and NMC is no exception. We try and help people understand some of those.
