MARRIAGE

Father, it is written in Your Word that we are to esteem our marriage as precious, worthy of great price and especially dear. We act on Your Word by *believing* our marriage is a precious gift and *declaring* that it is a privilege to be married. We are heirs together in the grace of life; therefore, we thank You that through our marriage we experience the zoe life of God in abundance, to the full until it overflows.

By a conscious act of our will, we put away strife by becoming quick to listen, slow to speak and slow to get angry. We wrestle not against flesh and blood and are quick to bring every wrong thought towards one another into captivity. We refuse to entertain the lies of the devil and instead, choose to believe the best of every person, including each other. We are useful and helpful towards one another, tenderhearted, compassionate and understanding, forgiving one another freely as God forgave us.

We refuse to speak negatively towards each other. We see one another as a child of God that deserves to be treated as royalty, a citizen of God's kingdom, at all times. We resist the temptation to complain about, condemn and judge each other. Instead, we choose to speak the Word of God over one another. We commit to seeking the Lord as to what He needs us to change individually to better our marriage. We believe that as we change individually, the Lord will honor our faith action and our marriage will increase from glory to glory.

Our marriage succeeds and flourishes because we keep Jesus at the center of it at all times.
