

40 DAYS OF PRAYER

DECEMBER 8- SUPPLICATION

Father, today I want to pray for our country. Specifically, I pray that you would send your Spirit across this country in a way that would draw people to you. I pray that we would see a true spiritual awakening that would be talked about for decades. Please work through and use all the chaos in our country in such a way that people would be open to the truth of your Word. I pray that churches all across this country would experience revival and be salt and light in a new and fresh way. Please bind Satan and the forces of evil that are wreaking havoc in our country. I pray that those who are causing the chaos and evil would be exposed for who they are and what their agenda is. Father, please move in our country!
