

Hello everyone!

Gracewood Kids has some exciting news! We are so excited to begin to use our Orange Curriculum for all our Kids and Student Ministries! We've been using Orange for Elementary and Youth for over a year now and have loved it so much that we want to begin using it with our Preschool and Middle School worship services as well! This means your Preschool and Middle School Sunday experience (both online and in-person) will look a little different.

Orange believes that "two combined influences make a greater impact than just two individual influences. The Church (LIGHT: yellow) + Home (LOVE: red) = Greater Impact (Orange)." Our goal is to create an environment where your kiddos can learn, grow and be challenged. We want to work in partnership with you to disciple young people and influence the next generation!

For your child to experience this in person, we'll continue to welcome them to our in-person gatherings on Sundays at 11am. We know that sometimes going to church just isn't possible, especially with where we are in life right now, so each Sunday, Orange will upload videos [right here](#) so you can have a meaningful family experience custom-designed to the age of your kids and on the same schedule with what is taking place at our in-person gatherings on Sundays. There are also fun activity ideas you can do at home to help reinforce the lesson. If you'd like to watch previously uploaded Orange videos, you can find them [here](#). Weekly Orange videos can also be found on the Parent Cue app.

With new distribution licensing requirements, our videos will no longer be posted on our website and social media, but you can access the same great curriculum at the links above, which will also be posted on our app, website and social media. There will continue to be videos offered for Preschool, Elementary and Preteens.

We are excited for this new curriculum and look forward to partnering with you! If there is anything we can do, please reach out! We love ideas and opportunities!
