

NextGen Cleaning and Safety Protocols include:

Cleaning

- Every hard surface and all toys will be sanitized before each service
- Increased hygiene and cleaning protocols in Next Gen spaces before each service
- Additional hand-sanitizing stations available at check-in and in hallway areas
- HEPA air filters utilized to aid in air purification

Mask Policy

- All NextGen volunteers and staff will be wearing masks
- Masks are required for kids and students in Kinder and up; lower elementary ages will be allowed to take masks off once they are settled in their small group rooms

Low-Touch

- The building will not be opened to full capacity. By limiting the numbers in adult worship, our NextGen areas will naturally have fewer Sunday morning attendees. Events throughout the week will be hosted in spaces that ensure social distancing is feasible.
- The experience will be as “low touch” as possible. When it comes to working with kids and students, social distancing is a challenge, which is why masks are so important for our environments during small group, large group, and pre/post service moments.
- Frisco Campus Soft Play area is closed at this time.
- For ages wearing masks, we will not be serving food/snacks in these environments to aid in keeping masks on the duration of their time with us.
- You’ll see lots of big waves, but let’s avoid hugs, high-fives and handshakes.

Self-screening is key for all volunteers, staff and families, so please stay home and participate online if your child:

- Has had a fever in the past 14 days
- Shows any symptoms of COVID-19
- Has been around anyone who has tested positive for COVID-19
