

As we relaunch in-person gatherings in our beloved Midtown building, we are reminded of our core value of being IN THE CITY, FOR THE CITY.

We are a church family that wants to impact our cities....
<i>PHYSICALLY</i> By caring for the physical and immediate needs of the city.
<i>CULTURALLY</i> By participating in and shaping all that is good in the culture of the city
<i>SPIRITUALLY</i> By praying for and proclaiming the forgiveness, freedom, and fulfillment <i>that can only be found in Jesus</i>

We are asking our members to assemble Care Packs that will be given to those without homes who are very vulnerable during the pandemic.

House Churches, home groups, CG's, individuals can all rally to participate. Assembled Care Packs will be collected at our first in-person gatherings on October 11th at 9am or 11am. Those unable to attend in-person gatherings can drop off their care packs at the church building the following week during office hours (Mon-Thu, 9am-4pm).

Here is a list of suggested items to include in Care Packs:

- | | | |
