Our mission is to partner with families to provide a school of academic excellence supported by Christian values in the Word of God. Through our curriculum and extracurricular activities, Cornerstone Christian Academy strives to equip students to be academically as well as spiritually godly leaders. With Jesus Christ as our foundation, we endeavor to help our children develop hearts that seek God's will in every area of their lives.

NON-DISCRIMINATION POLICY

C.C.A. does not discriminate based on of race, sex at birth, color, or national origin. The school's educational policies, admission, and other school-administered programs is based on Biblical principles as outlined in the King James Bible. 2. We believe there is only one God, who eternally exists in three persons Father, Son, and Holy Spirit.
3. We believe in the deity of Christ, His virgin birth, His sinless life, His atoning death, His resurrection, and His promise to return in power and glory.

OBJECTIVES

1. Provide a safe environment where students can feel the support of caring staff while they are away from their families.
2. Encourage respect and consideration for other students and the adults in authority.

3. Foster Christian values of honesty and trustworthiness while promoting self-esteem and helping one another.
4. Allow for creativity from each student; allowing each student to feel valued and special.
5. Provide academic requirements in a conducive environment.
6. Operate within the guidelines of the Department of Social Services Child Care Regulations.
7. Employ people who are committed to helping children to prepare socially, academically, and spiritually for their future by being a positive role model.

STAFF

We endeavor to employ dedicated Christians who have a genuine love for children. Upon hire, each employee is required to have a background check through Central Virginia Department of Social Services and Virginia State Police, drug screen, TB test and health report. The staff health report is required yearly confirming the employee's compliance with state health standards and bi-annual assessment for tuberculosis. Staff training includes seminars, in house workshops and off-site training with private and public childcare agencies. This is done to assure the highest level of professionalism in the ministry of children.

CURRICULUM

We have chosen to use the accredited Abeka curriculum for our preschool because it is a Christian based curriculum that uses Scripture and Biblical principles to emphasize or illustrate concepts. It provides a lively academic program that gives children the desire to learn. The instruction methodology is designed to motivate and keep active preschoolers excited about learning. From letters and sounds to learning numbers, Abeka is the very best in providing the foundations that young children need to prepare them for elementary education.

V. BEHAVIOR EXPECTATIONS AND DISCIPLINE

Full cooperation is expected from both parents and students in the educational process. If the behavior and/or attitude of the student indicates an uncooperative spirit or is not aligned with the spirit and standards of C.C.A., regardless of whether there have been any violations of conduct, the student may be requested to withdraw.

The Biblical and philosophical goal of C.C.A. is to develop students into mature, Christian individuals who will influence the world for Christ. All students are expected to exhibit the guidelines of a Christian life espoused and taught by C.C.A. and are to refrain from activities or behaviors that are in opposition to these guidelines. C.C.A. retains the right not to admit; or to terminate enrollment for any student accordingly.

Through our Code of Conduct, we strive to nurture students in Christ-like living. In this way, we aim to help students become effective members of the Christian community.

C.C.A. supports its parents in expecting students to live lives that honor Christ not only at school, but outside of school hours as well. Our public conduct should be consistent with our basic philosophy of life, which is to love God above all, and to love our neighbors as ourselves; that love should be reflected in all our actions and attitudes towards each other. Since our academy bears the name of Jesus Christ, a high standard is expected of students.

All students are expected to refrain from practices that the Scriptures do not condone and the following behaviors, although not all inclusive, will not be tolerated:

- A. Disrespect for adults
- B. Bullying and aggressive behaviors
- C. Physical aggression
- D. Verbal aggression
- E. Social alienation
- F. Intimidation
- G. Swearing
- H. Vandalism

Discipline must be both fair and firm; however, all correction of such errant behavior must be done in love. Listed below are the steps to be taken by teacher, director, and administrator in our discipline process:

TEACHER

- After repeated disruptive behavior is observed and having utilized and exhausted all means to correct such behavior, the child should be removed from classroom and taken to director's office.
- Once the director has spoken with the child, he/she will be returned to classroom to join classmates. The child should be given opportunity to merge back into normal operation of class.
- If the behavior continues or escalates, immediately return the child to the director's office.

DIRECTOR

- The first-time child comes to office, he/she is advised of their unacceptable behavior and then given a few moments to sit quietly in the office. After a reasonable amount of time, he/she should be returned to classroom.
- If the child is returned to the office that same day, the parent will be contacted.
- In the event that the child does not correct their behavior the parents will be expected to pick the child up from school and a suspension may be warranted.
- Parent will be given a written report of child's behavior and the steps which were taken to correct.
- If disobedience continues to escalate, a meeting must be arranged with parents and the child to discuss possible collaborative efforts to correct behavior. If after repeated attempts to change behavior of child, the matter should be brought before the director, who will then make the judgment of the child's release from academy. This decision will be made by the director and administrator.
- Every step taken in the discipline process must be documented and placed in the child's file.

RIGHTS OF TERMINATION

A student can be removed from the program at the **Director's or Administrator's** discretion when it is determined that the program cannot benefit the child.

V. HEALTH AND SAFETY/ CHILD PROTECTION

IMMUNIZATION AND HEALTH RECORDS

All immunization and health records that are provided by parents are kept on file at C.C.A. Parents should provide an undated immunization record every 6 months for all children under 2 years of age. If a parent chooses not to have a child immunized, Virginia Department of Health requires that the parent complete and submit a Commonwealth of Virginia Certificate of Religious Exemption form. Please visit the state's website to download this form.

UPDATING STUDENT INFORMATION

It is extremely important that parents keep the school updated with any changes. Changes in phone numbers, address, pick-up information, or custody issues must be relayed to both the office and the teacher at the time of the occurrence. Copies of updated court decisions need to be submitted when changes in custody occur.

VI. SICK CHILD POLICY

Cornerstone Christian Academy is a "well" childcare facility and at no time do we provide care for sick children. The following **sick policy** will be strictly enforced, for the health and well-being of children and staff.

Under no circumstances may a parent bring a sick child to daycare. If your child shows any signs of sickness, **they must stay at home**. Sick children want and need care from their parents and in the comfort of their own homes.

We make every effort to reduce the spread of illness having established procedures for hand washing by staff and children upon arrival, before eating and after visiting the restroom. In addition, a daily health observation is conducted by a staff person on duty. Children will be visually screened when they arrive in the morning. In the event a child becomes ill and needs to be picked up, the parent(s) will be called and are expected to come pick the child up within one hour (60 minutes). If the parent(s) cannot be reached, or have not arrived within **an hour**, the emergency contact person will be called and asked to come pick the child up.

For the benefit of our staff and other children in our care, a sick child will not be permitted to return for at least 24 hours. The child may return **24-48 hours** (depending upon the illness) after they have received the first dose of an antibiotic. If a child receives an antibiotic for an ear infection, he/she may return to the center once they have been free of other symptoms for at least 24 hours. If you are not sure about whether you should bring your child, please call, and discuss the matter with daycare staff. If your child exhibits any of the following symptoms, a doctor's note is **required** for them to return to the center.

Symptoms requiring removal of child from day care:

Fever is defined as having a temperature of 99°F or higher a child needs to be fever free, **(without the aid of Tylenol® or any other fever reducing substance)** for a minimum of 24 hours before returning to daycare.

- Fever, sore throat, rash, vomiting, diarrhea, earache, irritability, or confusion.
- Diarrhea: runny, watery, bloody stools, or two (2) or more loose stools within the last 4 hours.
- Vomiting: two (2) or more times in a 24-hour period. ***Note: please do not bring your child if they have vomited during the night. They will be highly contagious.***
- Breathing trouble, sore throat, swollen glands, loss of voice, hacking, or continuous coughing.
- Runny nose (other than clear), draining eyes or ears. Green or brown excretion from the nose is a sign of a contagious cold or infection, and we will need a letter from your child's doctor stating the child is not contagious and is being treated under a doctor's care.
- Frequent scratching of body or scalp, lice, rash, or any other spots that resemble childhood diseases, including ringworm.
- Child is irritable, continuously crying, or requires more attention than we can provide without jeopardizing the health, safety, or well-being of the other children in our care.

Sometimes a child may not necessarily exhibit signs of illness immediately, however, a good indicator of the beginning signs of illness is that they are unable to participate in the normal morning routine prior to arriving at the center.

Sick children pose a health risk to other children and staff. We understand that it can be inconvenient to have to take time off work; therefore, we suggest that all parents make plans for emergency childcare ahead of time.

STUDENT MEDICATION(S)

While the student is on school premises, the following procedures be followed:

Parent must sign and date an official ***MAT Written Medication Consent Form.***

- Parent/guardian must provide all medication including prescription and non-prescription.
- All medication brought to the center must be in its original container and labeled with the child's name.
- Medication must include specific instructions on how it is to be administered.
- Medication must be given to the child's teacher.
- Medication may be administered by a staff member who is not a medical professional but who has been trained and licensed by the state to dispense medication.

MEDICATION DISPOSAL

The following procedure regarding the disposal of medication will be implemented by C.C.A.

- Parents must sign and date a ***“Medication Disposal”*** form.
- If medication is expired, the parent/guardian will be notified. The expired medication must be picked up within 10 school days. Unclaimed medication will be disposed of properly after a 10-day period.
- If a child is withdrawn from C.C.A., the parent/guardians must pick up medication within 10 days from the withdrawal date. Any unclaimed medication will be disposed after 10 days.

VII. EMERGENCY EVACUATION PLAN

The Chesterfield Health and Safety School Division has authorized us to use J.G. Hening Elementary School (5230 Chicora Drive, Richmond, VA 23234) as our designated emergency site, in case of the need to evacuate the building or area due to weather, crime, or natural disaster. All parents will be notified.

VIII. BUILDING SECURITY

For the safety of children and staff of CCA the main entrance doors will be locked during our business hours. The only way for staff and parents to enter will be with your designated **key fob**. Parents will have access through these doors from 6:30 AM to 6:00 PM, Monday through Friday. CCA reserves the right to revoke a **key fob** for any reason and at any time. All other guests will need to ring the bell for access and present identification.

Parents will be issued a **key fob** at the time of registration for a deposit of \$10.00 per **key fob** and sign the agreement form. After returning the **key fob**, in good condition, the deposit will be refunded. If there is any balance the deposit will be credited to your account.

Please report any lost or stolen **key fob** to the Business Administrator/Assistant Director, Joy Carter immediately. There is a \$15.00 replacement fee. We will de-activate the **key fob** until it is found. Safety is the priority. Your **key fob** is identifiable with a specific number, please do not change **key fobs** or give yours to anyone else. Please be responsible with your **key fob** as we want to ensure the safety of all the children in our care.

IX. CHILD NEGLECT AND ABUSE LAW

Under Virginia law, certain professionals are required to report child neglect and abuse when acting in a professional capacity. These professionals include Teachers or other persons employed in a public or private school, kindergarten, or nursery school. All our teachers and staff are mandated reporters.

X. HOW PARENTS CAN HELP

COMMUNICATING WITH TEACHER

Communication between home and school is a necessary component for school success. Parents who would like to talk with their child’s teacher may schedule an appointment by contacting the school by phone or by note, or through avenues relayed by the teacher.

WHEN PROBLEMS ARISE

Occasionally during the year, misunderstandings can arise. If it does, we ask that you:

1. Initially address all concerns directly with the teacher. Parents are always welcome to make an appointment to talk with the teacher.
2. If the situation is not resolved at the teacher level through direct contact, it should then be addressed with the Director.

Revised June 2021
