John 12:37-47
Proverbs 29:25
Hebrews 12:1
Isaiah 41:10

Fear is something that can hold us back from fully believing who God is, from growing in His grace, and from confessing with our lives His Lordship. Fear is usually attached to our securities (the things we are afraid to lose). It's important to recognize and surrender those fears to God. Be specific when repenting, go underneath the fear, worry, and anxiety. Don't just say sorry, be specific and name what you are fearful of.

Reasons to not fear:

- The Glory of God
- The promises of God
- The protection of God

Reflect on God's glory. God's glory is the source and sum of all lasting joy. It is the manifest BEAUTY of His holiness. It is God's greatness on display.

- Why would we want to trade the glory of God for the glory of man?
(John 12:43)

What are some of the promises of God found in Scripture?
