*Burkesville Baptist Church // Next Steps*

**Christ saved me, now  
what?...**

# FOLLOW JESUS

We believe that being a Christian is more than “liking” Jesus or knowing about Him. **It's about becoming like Him.** Jesus never calls us to accept Him and continue in our old life but rather, He gives us new life and calls us to joyfully, passionately, and wholeheartedly give our lives to be more like Him; specifically in making disciples. And the beauty of it is He helps us to fulfill this calling.

# Get Baptized

Baptism declares to the world that **Jesus saved you and you are no longer who you once were but rather, you have been made new.** It's an act of obedience and an act of following the one who saved you. It's pretty special!

# Join The Family

Church membership is simply the biblical idea that followers of Jesus should belong to a local church; a body of believers. **We view membership as joining a family and becoming partners.** We are all one body, partnering together to transform the world.

# Serve

Jesus did not come to be served, but to serve others and followers of Jesus are to follow that model. God gives each of us unique gifts and abilities to build the church.

**As we serve, we experience the joy of God working through us to make a difference in others' lives.**

# Give

Generosity changes lives and as followers of Jesus, we not only believe this, but we have all experienced this. **At the heart of the gospel, we find an act of generosity; God gives His best to us.**

At BBC, we want to be known not as givers or consumers but rather, as contributors as we worship God through giving and contributing to ministry.

# Share Your Faith

## **The greatest act of love**

you can show toward others is to help them find Jesus. The best way to do that is to share your story and how they too can have a personal relationship with Christ by trusting in what He has done through His death and resurrection. Everyone knows someone who needs Him.

# Care and Prayer

**Life can be tough, but you don't have to go through it alone.** We want to help. Whatever you're facing, we know that the first step to getting past it is to reach out and talk to someone, especially someone who has your best interest at heart. We have leaders and other members who are eager to help and serve you as you face issues in your life.
