

## SESSION 1: STARTING POINT (CHAPTERS 1–4)

### I CAN DO THIS

1. “When we see that no matter where we live we are still within the kingdom of God, the moves don’t become the dominant factor. What matters is how we are going to invest and contribute and live like we’re supposed to be there” (p. 60). Share ways you want to start or continue to contribute in the place you call home.
2. What would it look like to be a part of a group of people who make a significant commitment to live with purpose right where you live? “When we start to think, we start to dream. When we start to dream, we tap into the supernatural, which can only be achieved with the hand of God” (p. 60).
3. Take the response to the last question and make it an offering to God in prayer. Surrender your ideas and desires. God, we thank You that You’ve called us here and that You’ve brought us into this group together. We ask that You will show us how to start living sent as we go about this week. We surrender our will and our ways to You.
4. Dedicate your living space to God as a symbolic way to thank Him for where you live.

### PARTICIPANT HOMEWORK

1. What do you love about your town?
2. What bothers you?
3. What would you change?
4. What seems just right?
