Dear Pastor and Praying Friends,

February 13, 2021

“Great is the Lord, and greatly to be praised;...” Psalms 145:3.

Dana and I are finally heading back to Brazil! **Hallelujah!** Our tickets are bought for the 27th of this month. We praise the Lord that we have already received our Covid vaccines! We are so grateful for the immense opportunities that God has given us to testify of His Saving Grace — yes, even in a pandemic! Since the onset of Covid, I began providing a daily devotion, via WhatsApp and YouTube, to our people and our doctors. **Pray** that soon our doctors will come to know Jesus as their Savior. Opportunities to witness are all around us; we just have to look for them.

There's more exciting news! This weekend, Pastor Silval and Perla will be *launching* their services in their newly rented facilities in **Poços de Caldas**. This tourist community has been on lockdown since the pandemic began, making it impossible to have bible studies or visits in the homes. The Lord is blessing this dear family for their faithfulness!

Bro. Jarbas and Cicera are another family that God is abundantly blessing.

They minister in Bravo, Bahia, sharing Christ with everyone they meet. Several teens were saved last week as a result of their faithfulness.

The situation with the Covid virus is very grave in the Amazonian region, especially Manaus. The city is on total lockdown, the hospitals are low on oxygen, and the people are in dire need of food. Pastor Paulo and Eloina are trying to help keep their people from starving. A pastor in N. Carolina sent \$5,000 which provided food baskets for 280 families. Two of our friends sent in donations that will feed another 30 families. If you would like to help Pastor Paulo feed their community in Manaus, you can donate on our site at [apoioministries.com](http://apoioministries.com) or give through your church.

Pastor, Dana and I are so grateful for you and your people. Thank you for your faithfulness to our ministry. We look forward to sending you updates on what's happening in the works in São Paulo and throughout Brazil.
