I DON'T

I DON'T QUIT

LANCE BURCH | MAY 15, 2022

MAIN IDEA

The race isn't about starting fast.
It's about finishing well.

INTRODUCTION

Instead quitting your relationships,
choose to believe, hope, and endure.

PRAY TO OPEN

GETTING STARTED

Would you rather watch the Kentucky Derby or NASCAR? Why?

DISCUSS

What are the three most important things you desire in a relationship?

Describe a time you reached a 'divorce point' in a relationship. How did you handle it? Looking back, are you glad about the way you handled it?

What's something that really spoke to you during this sermon series?

DISCUSS *(continued)*

Is there someone in your life who is difficult to love right now? As a group, brainstorm a few practical ways to show love to them this week.

Read **1 Corinthians 13** - this has been the cornerstone of the series. How has your view on this chapter changed after hearing this series?

APPLY IT

Fill the gap with trust. Choose to trust that the people around you have good intentions, and meet them with grace instead of cynicism.

Decide right now that you won't quit on your relationships.

Remember, we're talking in the context of healthy relationships.
