HEY!

We are so excited that you are considering joining the Ops Team at LexCity YTH! Our Ops Team members keep our youth group running... and have a great time doing it.

We truly believe that students are essential to the Church, and we get the privilege of mentoring and guiding this generation of Christian leaders. While this job is not always easy, we believe that serving as a youth leader is one of the best uses of your valuable time & energy. Whether you love students or they scare you, we hope these next pages provide helpful information on what our Ops Team does and how YOU can join our team!

What is LexCity YTH?

LexCity Youth's Vision Statement:

Our ministry exists to ground students in God's Word and to challenge them to be leaders of impact in their generation.

LexCity Youth's large group nights are Wednesdays from 7:15-8:30pm. These nights begin with a time for students to socialize and hang-out with friends (and make some new ones!) The night then moves into a time of worship and a large-group lesson from the Bible. The night ends with small group discussions where our SLGs connect with their regular small group (based on grade and gender). The purpose of small groups is to relationally connect with students every week, to make students feel known, and to discuss how the lesson further applies to the students' lives.

What Does an Ops Team Member DO?

- **Run the logistics of our youth group.** There are many roles that our ops team members fulfill in order to make our youth group a success. Everything from set up & tear down, to greeting, or to controlling sound/video. Our ops team members serve, often behind the scenes, to make youth group run smoothly.
- **Interact with students.** While our ops team members aren't responsible for leading small groups, we always encourage that you interact with students. We have students who are very servant-hearted and may even have gifts similar to yours, so be open to investing in a student or two while you serve!
- **Attend youth group and events consistently.** We know that you have a life outside of serving as an ops team member, and your time is very valuable. However, you are only effective when you are present. Our ops team is a valuable group that is essential to the success of our youth group!
- **Safety.** As an ops team member, you are our best eyes for safety. We just ask that as you serve, you keep your eyes open for any situations or activities that appear to be unsafe.
- **HAVE FUN.** Let loose and let the students see who you really are. The more open and fun you are, the more joy you will find in serving!

What's Next?

1. **Take a Deep Breath** and actually believe that God could use you to make a difference in a student's life. Seriously, take a deep breath.
2. **Fill out an Application.** Click [here](https://lexcity.info) or visit lexcity.info to fill out the application. One of our team members will love to show you around!
3. **Visit a LexCity Youth Service.** Schedule a time with TJ to visit a youth group night.
4. **Schedule an interview.** This will only take about an hour. This interview will allow us to get to know you better and understand how you can best impact our team.
