DISCUSS

Define the meaning of the word *integrity*.

Why is integrity so important in a Christian's life and ministry (cf. Ps 26:1; Pr 10:9)?

Describe an instance when a lack of integrity hindered the credibility of a Christian, church, or ministry. How can God's people respond biblically when this happens?

APPLY

How should you respond to an accusation when your conscience clears you of wrong?

How should you respond with your conscience convinces you?

Describe a circumstance when you might be tempted to vacillate or say 'yes' when you really mean 'no'? How can you speak truthfully into this situation instead?

How can you demonstrate Christlike love to others when they're not happy with you?

COMMIT

Is there an interpersonal conflict you need to address this week? What steps can you take with a clear conscience to speak into this conflict with truth and love?
