

# SERMON NOTES

A SUFFICIENT COMMENDATION

**2 Corinthians 3:1-6**

**BIG IDEA:** In Christ our work for the Lord is commended and our confidence is established in the sufficiency of his grace.

# APPLICATION GUIDE

March 20, 2022

## DISCUSS

How are Christians and churches tempted to seek commendation from the world rather than Christ?

Where did Paul find his approval and commendation?

How can Paul's example change the way churches evaluate success today?

## APPLY

What areas of your life do you look to be validated or commended the most?

To whom or what do you look to for commendation and approval?

Where do you need to live with greater dependence on God's sufficiency and less on your own?

How does the New Covenant ministry of the Spirit boost your confidence to sufficiently serve God in weakness and personal insufficiency?

## COMMIT

Start each day this week with a simple prayer of dependence on the Spirit to enable you to live and work with freedom and the confidence of God's sufficiency in you.
