# APPLICATION GUIDE

## DISCUSS

What are the ways Christians can be Christlike and spirit-filled at work?

What motivates this kind of behavior?

What does a passage like this teach us about the value of secular work (cf. Genesis 1:28; Psalm 6:8)?

## APPLY THE TRUTH

What are the most significant challenges you face at work?

How does your job give you a way to display the glory of Christ?

If you are in a position of authority at work, how could you abuse that power for selfish ends?

How can you use that power to bless others?

## COMMIT THIS WEEK

Think about someone at work who doesn't know the Lord. Commit to praying for them. Then begin to look for opportunities to engage them in an appropriate relationship outside of work for the sake of the gospel.
