Tips for Hosting a Virtual Small Group

Pick Your Platform

Free services like:

- Zoom
- Google Hangouts
- Skype
- FaceTime
- Facebook Video Chat by Messenger
- Houseparty App

Plan Your Group Time

- Welcome everyone. People will be late online as they are in person too!
- Start light, by catching up – get warmed up.
- Remind people to use video and if needed to mute, but that this is a great time to interact together.
- Watch or discuss the study together
- PRAY – take requests and close in prayer

Set Yourself Up For Success

- Check your lighting – don't have light come from behind you
- Adjust your camera angle
- Do a test run of your software beforehand
- Encourage members to also do a test run of their software too!
