

How to make Fizzing Treasures

What you'll need:

- Bicarbonate of soda
- Food colouring
- Tablespoon
- Teaspoon
- A coin
- Bowls
- Vinegar
- Water

1. Add 3 tablespoons of the bicarbonate of soda, 5 drops of food colouring and 1 teaspoon of water to your bowl (not too runny but wet enough to clump)
2. Place a lump of the mixture into the palm of your hand, place the coin on top and then add more mixture
3. Squeeze and roll it together into a ball in your hand
4. Pop the balls into the freezer for minimum 1 hour
5. Put some vinegar into a dish, then add a treasure ball – see what happens!
6. Will you find your hidden treasure again?!
